

Moss Hey Primary School

How we use CCTV data;

We Moss Hey Primary School are a data controller for the purpose of the General Data Protection Regulation.

The school will only use surveillance cameras for the safety and security of the school and its staff, pupils and visitors. Surveillance will be used as a deterrent for violent behaviour and damage to the school.

We collect your information to;

- Maintain a safe environment.
- Ensure the welfare of pupils, staff and visitors.
- Deter criminal acts against persons and property.
- Assist the police in identifying persons who have committed an offence.
- The prevention, investigation and detection of crime.
- Monitoring the security of the site.
- The apprehension and prosecution of offenders (including use of images as evidence in criminal proceedings).

The categories of visitor data we collect include;

- Personal/ special categories of information such as;
 - Images and video footage of pupils, staff, parents and visitors

The lawful basis on which we use this information;

Public Task;

We process CCTV data in order to comply with our public task, namely to ensure that the security of our pupils, staff, buildings and their contents are maintained at all times.

The following information is processed as a result of the schools public task;

- Images and video footage of pupils, staff, parents and visitors

Identification;

In areas where CCTV is used the school will ensure that there are prominent signs in place.

The signs will:

- Be clearly visible and readable.
- Be an appropriate size depending on context.

Storing digital images;

Images captured by CCTV/Surveillance will not be kept for longer than is necessary, ie. 14 days. However, on occasions there may be a need to keep images for longer, for example where a crime is being investigated.

Neither the General Data Protection Act nor the Information and Records Management Society prescribe any specific minimum or maximum periods which apply to CCTV recorded images. The school ensures that images are not retained for longer than is necessary. Once the retention period has expired, the images are removed or erased.

Recorded images will be stored in a way that ensures the integrity of the image and in a way that allows specific times and dates to be identified. Access to live images is restricted to the CCTV operator unless the monitor displays a scene which is in plain sight from the monitored location.

Recorded images can only be viewed in a restricted area by approved staff. The recorded images are viewed only when there is suspected criminal activity and not for routine monitoring of pupils, staff or visitors.

The school reserves the right to use images captured on CCTV where there is activity that the school cannot be expected to ignore such as criminal activity, potential gross misconduct, or behaviour which puts others at risk.

Images retained for evidential purposes will be retained in a locked area accessible by the system administrator only. Where images are retained, the system administrator will ensure the reason for its retention is recorded, where it is kept, any use made of the images and finally when it is destroyed.

Who we share visitor data with;

We do not routinely share this information with any external organisations or third parties.

There may be circumstances in which we may lawfully share CCTV images with third parties where, for example, we are required to do so by law, by court order, or to prevent fraud or other crimes. Where we share data, however, we shall do so in accordance with applicable data protection laws.

We will not give information about you to anyone outside this establishment without your consent unless the law permits it.
