

Remote Learning at Moss Hey

Lockdown – Spring Term

Our Remote Learning will continue to be delivered through Seesaw and Microsoft Teams. Our Remote Learning offer will enable children to continue to master the skills and knowledge set out in the curriculum, for their year group, and/or stage of learning.

The following will be provided:

- Teachers will upload a weekly timetable that parents can choose to follow
- Work will be set daily and lessons will be sequenced throughout the week. The expectation from the DFE is that 3 hours of learning for children in Key Stage 1 and 4 hours for children in Key Stage 2 is provided each day
- **EYFS:** Maths or Literacy, Phonics and a task from the 7 areas of learning will be uploaded daily
- **KS1 & KS2:** Daily tasks for English, Phonics (KS1), Maths, Spelling, Reading and a foundation subject will be uploaded to children's portfolio on Seesaw
- Parents to prioritise English, Reading and Maths tasks
- Every child will be invited to a daily live session via Microsoft Teams. This will be delivered in groups. Children who need a little extra support with a task can stay on the session for a dialogue with the teacher
- Feedback will be provided on work uploaded to Seesaw, for Maths or English and all work will be acknowledged. Verbal feedback may also be given through a video recording which will be posted on Seesaw and in the live sessions through Microsoft Teams. Feedback is daily and marking informs planning / Microsoft teams meetings the next day.
- Videos will be uploaded to Seesaw to help with understanding and enhance learning or links to videos
- Critical worker children will be given the same learning that has been set for remote learning in the classroom. Teaching assistants will support learning in classrooms

Websites/Apps we are using to support Remote Learning:

- Spelling shed
- Rising stars
- Athletics
- TT Rock Stars

It is recommended that children login to the above learning subscriptions daily for 10 minutes. We have emphasised the importance of developing and improving key skills through practising daily – little and often.
